CUSTOM OFFICE SOLUTIONS TAILORED TO YOUR NEEDS...

It's as easy as 1-2-3

A rough sketch is all we need

1. Provide us with your needs and wants; send us a sketch and list of your requirements

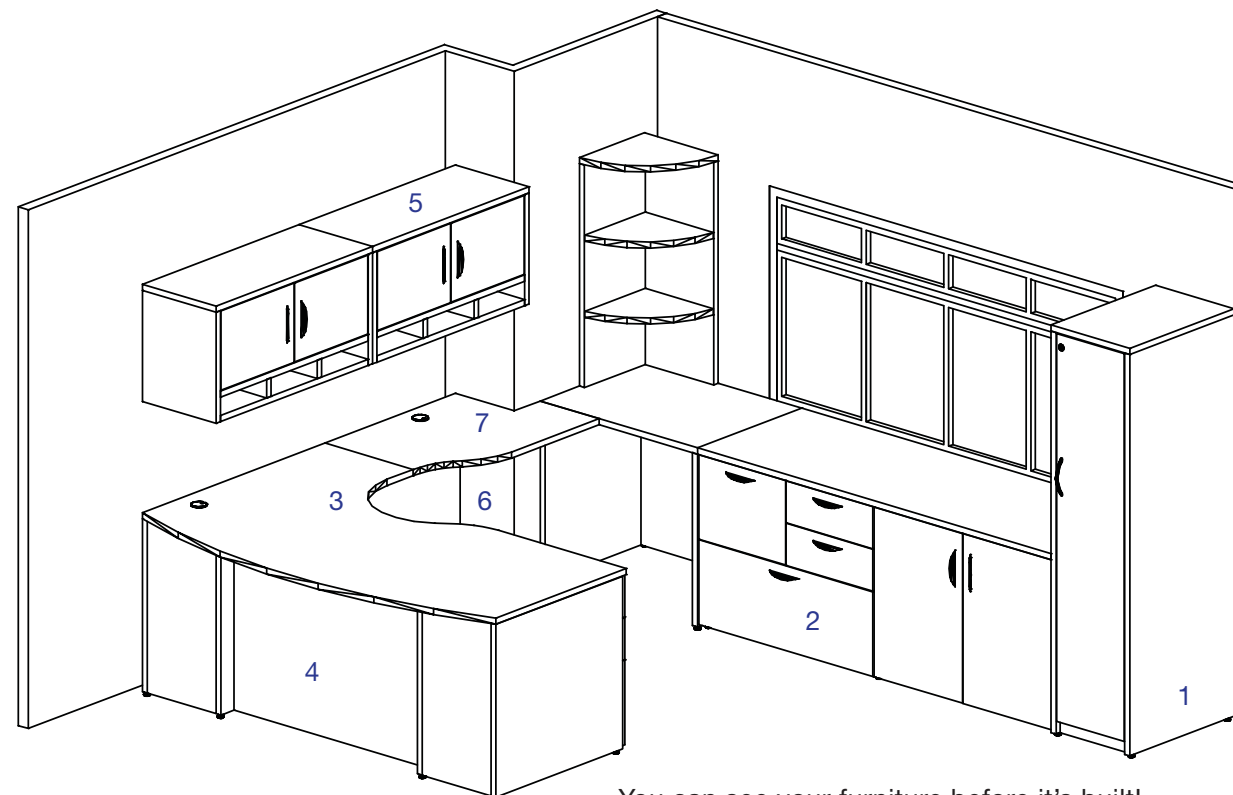

Needs:

1. Coat / clothes storage
2. Personal filing and storage
3. Computer corner for lap top use
4. Step in front of desk for leg room for guests
5. Overhead storage
6. Access to wires
7. Cut out around column

3. Your furniture is made to your specifications

2. We will take your needs and wants and provide you with a detailed 3-D CAD drawing.

You can see your furniture before it's built!

It's a whole new approach to office furniture! Instead of the old "this is what we have to sell you" type of approach, we ask, "what do you need – we can build it for you". It's as easy as 1-2-3

We have the solution for your entire office. From your work areas to your meeting rooms, from reception areas to executive offices, filing, training or storage, we have the solution.

Custom pieces frequently spring up from a specific need. It may be an individual piece, or an entire office, its no problem.

Choose from 25 standard laminate finishes, two different edge profiles and 3 handle styles in two finishes.

It's a whole new approach to office furniture!

EXTENDED CORNERS

Getting exactly what you need from your office furniture has never been easier. Choose from either a radius or an angled extended corner profile. Numerous main desk and return options can be combined allowing for ultimate versatility.

4-1
Extended angled corner p-top, cpu and drawer storage, hutch with pidgeon holes

4-2
Bow front extended radius curve desk, step in arc front panel, return with file storage

4-4
Extended radius corner d-top, return with drawer storage, storage hutch with pidgeon holes

4-3
Extended radius corner desk, return with double lateral files, storage hutch with pidgeon holes

L-SHAPES

When functional furniture needs to look its best, our L-shape stations feature an abundance of shapes and components to allow you to create a functional and aesthetically pleasing work environment

Racetrack table, panel end bases

13-7
Round table, x base

INTELLIGENT OFFICE FURNITURE

Finally! A company making office furniture to suit YOUR needs. Why buy furniture to suit YOUR office, that isn't made exactly for YOUR office.

Until now, consumers were either forced to pay a prohibitive premium for office furniture designed to fit their specific needs or alternatively, had to settle for a limited number of options from offshore discount product.

We understand that all office spaces are unique; we offer you a personalized solution at an extremely affordable price point. Every piece of furniture is made to order for YOU. We will make your furniture exactly to the SIZE, DESIGN and COLOUR specification YOU want.

QUALITY

Our products are commercial grade, manufactured using only the highest quality materials and workmanship. All of our products are made from 1" thick high performance thermofused laminate. We use a durable scuff resistant PVC edge on all surfaces. Heavy duty full suspension ball bearing slides are installed on all box, file and lateral file drawers.

Our product is built and fully assembled for you in our factories in North America.

Rest assured, your furniture is built to last. We believe so strongly in the material and workmanship that go into each and every piece of furniture, that we back all of our products by a lifetime warranty.

ULTIMATE FLEXIBILITY

We offer ultimate flexibility as we produce over 1200 components from desks with ample storage to unique filing solutions. Can't find a standard component to fit your space? Not to worry, we will produce any of our standard components to any specified dimension. If a 63" desk will fit into your space better than a 66" one, don't settle, we will produce the size you want with no upcharge and no extra delivery time.

If one of our standard components won't meet your requirements, show us a desired custom unit, we will design it and produce it all within our standard delivery lead time.

We take pride in offering you countless combinations that will help you create a truly functional solution. This highly personalized approach does not come at a premium. We deliver truly custom office solutions at an affordable price.

THINK GREEN

Taking care of your workspace needs is our business; taking care of the environment is our responsibility. We recognize the need to minimize our products impact on the environment and have put measures and policies in place to support our mandate.

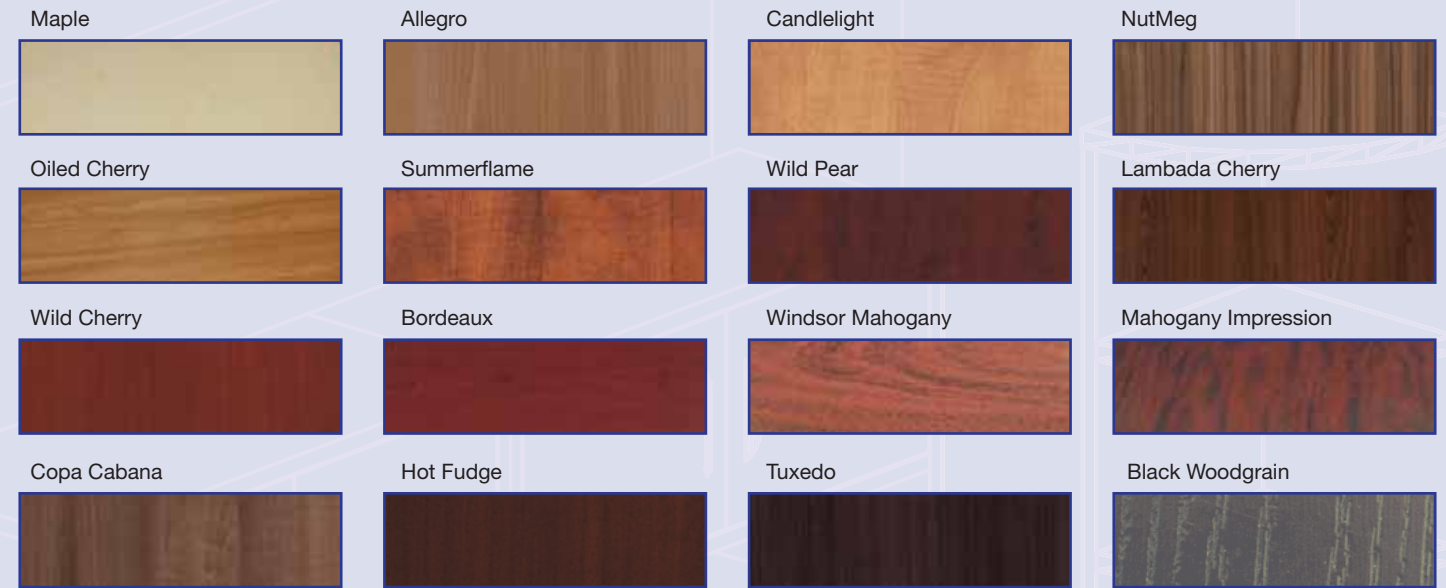

To reduce landfill waste, we reuse cuttings in smaller products and packaging, we sort and recycle PVC plastic, steel, and cardboard. Our innovative packaging methods reduce the amount of waste going to landfills.

When possible, we use local suppliers. Our suppliers are committed to sustainable use of natural resources both in manufacturing and within their facilities. We work with our supply chain to minimize the impact of our products and continuously strive to improve our efforts.

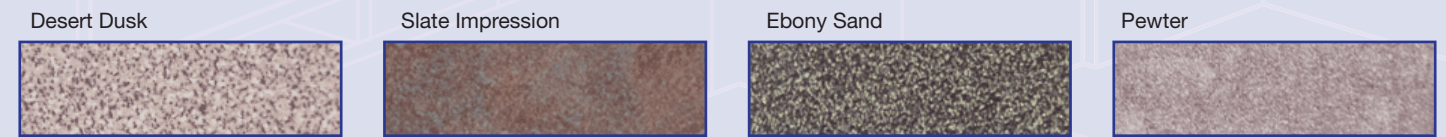

Our products are manufactured using materials from sustainable forests and other well managed fibre.
