

Intelligent Office Furniture

2011 Collection

2011 COLLECTION

FINALLY! A company making office furniture to suit your business' needs. Why buy furniture to suit your office, that isn't made exactly for your office.

Until now, consumers were either forced to pay a prohibitive premium for office furniture designed to fit their specific needs or alternatively, had to settle for a limited number of options from offshore discount product.

We understand that all office spaces are unique; we offer you a personalized solution at an extremely affordable price point.

Every piece of furniture is made to order for you. Whether you choose an item from our 2000 standard components or have a custom unit built specifically for you, we will make you furniture exactly to the size, design and colour specification you want.

The Intelligent Furniture Solution For Your Entire Office

WHY BUY OUR FURNITURE

WE MAKE FURNITURE

We don't make chairs, steel filing cabinets, panel systems and furniture. We specialize in making furniture and only furniture.

MADE IN CANADA

We do not import our products. Our product is proudly made in our Canadian factory employing Canadians. Ordering from us means never waiting for overseas parts or product to arrive. We make your furniture specifically for you.

FULLY ASSEMBLED FURNITURE

Our product is fully assembled before leaving our factory. There are no worries about missing hardware or drawers and doors not aligning. Best of all, installation of our furniture is quick and easy meaning less down time for your business.

COMMERCIAL QUALITY

Our furniture is built to last. With features like all 1" or 1.5" high performance TFL laminate, durable scuff resistant pvc edges and heavy duty full suspension ball bearing drawer slides, we can confidently back our product with a lifetime warranty.*

OUR OFFERING

With over 2000 standard components, 25 finishes and industry leading custom capabilities, our offering allows you to create a truly personalized and functional furniture solution.

VALUE

We offer a great alternative to what is currently in the marketplace. Our new fresh ideas and extremely aggressive price point allow you to maximize your furniture budget.

ENVIRONMENTAL

THINKING GREEN

From the general office down to our production and packaging methods, green is an initiative across the entire company.

SUPPLIERS

Our suppliers are committed to the sustainable use of natural resources both in manufacturing and within their facilities. We work with our supply chain to minimize the negative impact of our products and continuously strive to improve those efforts.

OUR COMMITMENT

Our products are manufactured using materials from sustainable forests and other well managed sources of wood fiber. Our competent wood supplier has an industry leading environmental policy and produce in a responsible manner.

CERTIFICATIONS

SCS Certification

Our raw board contains 100% recycled and recovered wood fibre

CARB Compliance

Our board is currently compliant with the phase 2 limit for the California air resource board (CARB)

LEED Credits

Our panels qualify for up to 6 credits in the leadership in energy and environmental design (LEED) green building rating system.

EPP Certification

Our raw board is compliant with both the CPA certification programme specification for particleboard and HUD formaldehyde emission standard 24 DFR part.

THE CUSTOM PROGRAM

"CUSTOM" PROGRAM

// Custom; Made specifically for the individual consumer.
Made according to the specifications of an individual.

We specialize in making custom furniture. Custom pieces frequently spring up for a specific need. Whether it is an individual piece or an entire office – it's no problem.

Purchasing custom furniture, made easy. Just tell us your ideas and send us a sketch of a unit, workstation or multiple workstations and someone from our design team will prepare a detailed 3D line drawing so you can see exactly what your furniture will look like before you order it.

With our industry leading custom capabilities, we welcome the challenge of creating a unit made to your specifications.
