

CORAL

CORAL |
1 INCH • FLAT EDGE

Coral is a deep, earthy blend of reddish-brown and rosy pink, with a beautifully pronounced undertone that adds warmth, depth, and modern sophistication to any space.

Swatches are intended to provide a general representation of colour to support the decision-making process, rather than serving as a fully accurate or final colour match. If an exact colour specification is required, it is strongly recommended to request a physical sample; rather than relying solely on a digital swatch.
